

YOU'RE NOT ALONE

The Cigna Total Behavioral Health Program can help you move forward.

Studies show that behavioral problems, such as depression, can contribute to heart disease.¹ Many physical conditions can worsen with stress, substance use and other behavioral health issues. Our Cigna Total Behavioral Health[®] program can help.

Our whole-person approach

If you or a loved one has been diagnosed with a behavioral health condition, Cigna is here for you. Our comprehensive program provides dedicated support, lifestyle coaching, and online tools. We help you take control of your health – mind and body.

Virtual behavioral care – Use your smartphone, tablet or computer for online video conferencing. And your out-of-pocket cost is the same as a behavioral health outpatient office visit. Refer to your plan documents for costs and details of coverage.

On-demand coaching and personalized learning with iPrevail offered through Cigna² – Learn how to boost your mood and improve mental health with on-demand coaching 24/7. After completing a brief assessment, you receive a program tailored to your needs that includes interactive lessons and tools. You get access to a peer coach who is matched based on your symptoms. You can also join support communities focused on stress, anxiety, depression and more.

Science-based activities and games for stress and worries, with Happify offered through Cigna² –

Everyday stressors can impact your relationships, work, health and emotional well-being. But you can change your outlook – and the way you see the world – with Happify. Happify's activities and games are designed to help you overcome life's challenges and can be accessed at any time.

Behavioral support – Our programs give you access to behavioral experts with extensive experience. Our experts can help you and your family address the challenges of:

- ▶ Autism spectrum disorder
- ▶ Child and adolescent mood and anxiety disorders
- ▶ Eating disorders
- ▶ Substance use
- ▶ Young adult major depression, bipolar disorder and substance use

Together, all the way.[®]

Our team can help for as long as needed. (You must stay covered under your plan to continue service.) They can help you:

- › Understand a behavioral diagnosis.
- › Learn about treatment choices and how your choices can affect what you'll pay out of pocket.
- › Identify and manage triggers that affect your condition.
- › Find a health care professional or facility in Cigna's network geared to your needs. Our network includes Designated Substance Use Treatment providers that provide quality, cost-effective care.
- › Find community resources and programs near you.
- › Get referrals to other Cigna wellness and lifestyle programs available to you.

You can call us anytime, any day. We're here 24/7 to assist you with your routine and urgent needs.

Take control of your health with extra support.

Lifestyle management programs – Get help to reach your goals like losing weight, quitting tobacco or lowering your stress level. Each program offers support with phone and online coaching.

Behavioral awareness webinars – Cigna offers free monthly seminars on autism, eating disorders, substance use and behavioral health awareness for children and families. The seminars are taught by industry experts and offer tips, tools and helpful information.

Enhanced online tools – Visit **myCigna.com** or use the myCigna® app to access on-demand support, including:

- › Information about your benefits, in-network providers and treatment options
- › Health and well-being articles
- › Self-assessment, stress management and mindfulness podcasts and tools

Additional resources can be found on **Cigna.com**.

100% of program participants were very satisfied with the service their case manager provided.³
